Module 5 Project: Purchasing/Budgeting Project

Section 1 (30 points)

Throughout this semester, you have submitted work based on the profession/occupation you hope to have one day in the field of Sport, Fitness, Health, or Physical Education.

I am sure that you have all imagined what your "dream job" might look like! We all have done that at one time or another…maybe several times during our careers or in preparing for our careers!

For the **Module 5 Project**, you to determine what your "dream job" is. Then, I want you to imagine that you have been in your "dream job" for three years and feel well established and confident in your abilities.

Because others in the field recognize your strong work ethic and commitment to the profession, you have been awarded a **$10,000.00** grant to expand and enhance your program! **Congratulations!**

Now, you have the task of determining how that money will be best spent! Remember, you are in your "dream job" and now you have an extra $10,000.00 to spend to make it better for those that you serve!

This money cannot be spent on you…no pay raise, no bonus, no vacation, no new clothes/shoes, etc. **It must be spent on your program and those that you serve.**

In your submission, you MUST include the following in the order listed below:

1. **What your "dream job" is. - Athlete Development Specialist**
2. **Explain what you do in your "dream job".**
3. **Are you an employee or do you own the business? – Owner of business**
4. **Who do you serve? Who are your clients/customers?**
5. **Research and assemble your "shopping list". You must include the following:**
    a. **Photo of what you are purchasing.**
    b. **Name of the item.**
    c. **Price of the item.**
    d. **How many of each item you will be purchasing.**
    e. **Cost of delivery/shipping/handling/taxes. (if included in the price of the item, you must indicate that)**
    f. **Company that you are purchasing from. (name, full address, phone number)**
    g. **Subtract from $10,000.00 for first purchase and show remaining amount. From that point on, subtract from remaining amount. You must calculate after each purchase.**

See examples and Section 2 below!

Example: (Not for your use!)

Personal Trainer:

Body Solid Pro Club Line Leverage Shoulder Press

$995.00 each X 2 = $1,990.00 + $189.00 (delivery) = $2,179.00 total (tax is included in price of equipment with this specific company)

Fitness Direct 8063 Balboa Ave San Diego, CA 92111 USA 1-858-653-3600

$10,000.00 - $2,179.00 = $7,821.00 remaining

Life Fitness Axiom 5-50lb Dumbbell Rack (dumbbells NOT included)

$1235.71 each X 1 = $1235.71 + free delivery + (tax is included in the price of the equipment with this specific company)

US Fitness Products 10610-F Centrum Parkway Pineville, N.C. 28134 1-704-542-0000

$7,821.00 - $1235.71 = $6,585.29 remaining

This is just a portion of an example of things that a Personal Trainer might want for their business. As you can see, there is still $6,585.29 left to spend, so this "shopping list" is incomplete. Your "shopping list" would continue until the entire amount of $10,000.00 has been spent. This is just an example!

The information that you need for your "shopping list" can be researched online, in books, in catalogs, or in magazines! This information MUST be accurate…you cannot make it up or guess at it when budgeting money!

Module 5 Project

Section 2 (20 points)

Compose a paragraph of at least **200 words** explaining how you will use the items you purchased and how they will enhance or expand your work in your "dream job".
